

2012 Tree Seedling Sale

Dear Tree Sale Customers:

Welcome to the Crawford County Conservation District's **33rd** annual tree seedling sale! As most of you know, we hold a seedling sale for two reasons: (1) to encourage reforestation, erosion control, and wildlife habitat by making seedlings available to landowners at a low cost and (2) to raise money for the District's Environmental Education Fund, which benefits schools and youth groups in Crawford County. This event has allowed hundreds of thousands of trees to be planted in Crawford County. Additionally, many teacher and student scholarships, educational programs, and materials have been supplied to Crawford County schools and youth groups.

Trees are preordered and then delivered ready for pick-up April of each year. Our 2012 order form will be out in early 2012. If you would like to be added to our mailing list e-mail Laura at [trees@crawfordconservation.org](mailto:trees@ crawfordconservation.org) or call 814/763-5269.

We strive to provide trees and shrubs that are native to the U.S. and that have a good chance of thriving in Crawford County soils.

We hope that you will take this opportunity to order trees from us. Your continued participation and support are very much appreciated. When you plant trees, you are doing your part for conservation, and benefiting everyone.

Sincerely,

Lynn Sandieson
District Manager
